Referral/Consult

Reference Bureau radiogram September 20, 1951 outlining steps to be taken to [redacted] information, reports, etc. to aid [redacted] in the Stay-behind Agent Program.

On September 24, 1951 while in conference with [redacted]

[redacted] was informed that we would, of course, destroy the files on all Stay-behind Agent recruits in case of an emergency and the likelihood of their falling into the hands of the enemy was remote. [redacted]

The Bureau is requested to advise this office whether steps should be taken to delete all data concerning Stay-behind Agents from our files. If the Bureau [redacted] the material here could be forwarded to the Bureau for inclusion in its file, or destroyed.

Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC, Anchorage (65-298)

DATE: September 19, 1951

FROM : Director, FBI

PERSONAL AND CONFIDENTIAL

SUBJECT: STAGE

SPECIAL AGENT EDWARD A. PLEVACK

SP12 BT8150
2/25/51
34225/

Special Agent Edward A. Plevack of your office was afforded intensive training at SOG during the period September 3-12, 1951, inclusive, in connection with the Stay-Behind and Escape and Evasion programs. His training was discontinued following the Bureau's advice [redacted] of our withdrawal from participation in the programs.

b6
b7C

The training was designed to instruct Special Agent Plevack whereby he could function effectively in the retraining of Stage personnel in Alaska in those subjects for which the Bureau had responsibility.

Special Agent Plevack received intensive individual instruction as to all security aspects of the program and attended lectures afforded to Stage personnel in each of the following subjects: "Deception and Security," "Selection and Training of Subagents and Informants," and "Soviet Methods of Counterintelligence." He was attentive, participated intelligently in discussions, and appeared to fully understand the significance of all discussions.

Special Agent Plevack received approximately thirty hours of cipher instruction to familiarize him with the cipher systems given to Stage trainees. In addition to individual instruction, Special Agent Plevack received training actually afforded to Stage personnel. On completion of training, he appeared to be thoroughly familiar with the cipher systems taught and would, with practice and review, be in a position to afford training in these matters.

Special Agent Plevack received intensive instruction in the preparation of messages in [redacted] secret writing methods used in this program. He followed through the training afforded Stage personnel and received individual instruction in addition. He was instructed at some length as to procedures to be followed and equipment necessary for development of secret writing using the [redacted] method. He gave evidence that he could instruct satisfactorily in the subjects.

b7E

Special Agent Plevack received approximately six hours of instruction in "Defensive Tactics," the instruction being limited to those techniques in which Stage personnel have been instructed. He was found to be in better than average physical condition, grasped the material quickly and displayed considerable skill in execution of the various techniques.

SEARCHED.....	INDEXED.....
SERIALIZED.....	" "
SEP 22 1951	
FBI - ANCHORAGE	
[initials]	

65-298-303

It was concluded that Special Agent Plevack could, as a result of the intensive training afforded to him and by serious and intelligent application, function effectively in retraining in the subjects mentioned. In view of the Bureau's withdrawal from participation in the Stage program, this information is set forth for record purposes only. It should be understood that Special Agent Plevack would, in the event he is called upon in the future to provide instruction in the subjects mentioned, necessarily have to make an intensive review and engage in practice in the various subjects.

Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC, Anchorage (65-298)

PERSONAL AND CONFIDENTIAL

SUBJECT: STAGE

SPECIAL AGENT [REDACTED]

DECLASSIFIED ON SP2 BTJ/LS

ON 7/25/94 342251

b6
b7C

Special Agent [REDACTED] under transfer to your office, was afforded intensive training at SOG during the period August 13-24, 1951, inclusive, in connection with the Stay-Behind and Escape and Evasion programs. The training was designed to instruct Special Agent [REDACTED] whereby he could function effectively in the retraining of Stage personnel in Alaska in those subjects for which the Bureau had responsibility. In addition, Special Agent

[REDACTED] received [REDACTED]

Referral/Consult

Special [REDACTED] received intensive individual instruction as to all security aspects of the program and attended lectures afforded to Stage personnel in each of the following subjects: "Deception and Security," "Selection and Training of Subagents and Informants," and "Soviet Methods of Counterintelligence." He was attentive throughout, participated in discussions, and appeared to fully understand the significance of all discussions.

b6
b7C

Special Agent [REDACTED] was afforded approximately forty hours of cipher instruction which included training along with Stage personnel and individual instruction. He participated in the training of one individual. After completion of the training, Special Agent [REDACTED] appeared to be thoroughly familiar with the three cipher systems being used.

b6
b7C

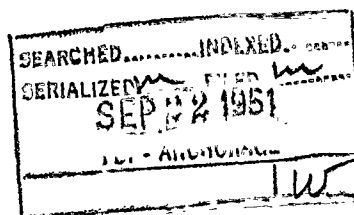

Special Agent [REDACTED] received intensive instruction in the preparation of messages in [REDACTED] secret writing methods. He followed through the complete training of Stage trainees and received individual instruction. In addition, he was instructed at some length as to procedures to be followed and equipment necessary for development of secret writing using the [REDACTED] method. He gave evidence that he can prepare satisfactory messages.

b6
b7C
b7E

Special Agent [REDACTED] received approximately six hours of instruction in "Defensive Tactics," the instruction being limited to those techniques in which Stage personnel have been instructed. He exhibited good physical qualities, learned quickly and progressed to a point whereby he could execute the various techniques quickly and accurately.

b6
b7C

65-59264

65-298-304

At the conclusion of his training, Special Agent [redacted] was interviewed at length by an official in the Domestic Intelligence Division as to all phases of the program. Security factors were stressed.

b6
b7C

It is considered that Special Agent [redacted] can, as a result of the intensive training afforded to him and by serious and intelligent application, function effectively as an instructor in the subjects mentioned. Inasmuch as the Bureau has withdrawn from participation in these programs, this information is set forth for record purposes only. It is specifically pointed out it would be necessary that [redacted] review the various subjects and engage in intensive practice should he at any time in the future be required to give instruction.

STAGE
(Bufile 65-59264)

On September 6, 1951 this office received two Walkie Talkie units with four batteries from the Los Angeles Office and three Walkie Talkie units with six batteries from the San Francisco Office for use in connection with the above-captioned program.

In view of the fact that we are withdrawing from this program, these Walkie Talkie units will be returned to the San Francisco and Los Angeles Offices, unless advised to the contrary by the Bureau, by October 15, 1951.

SAC, Anchorage

STAGE

342251
7/25/91 SP12BTS170
Referral/Consult

ReBura dated September 20, 1951 concerning the [redacted]

[redacted] Directions were contained therein that reports and data necessary for the operation of Stay-behind Agents should also be [redacted]

The following system is being used to handle this matter: Referral/Consult

All Stay-behind Agents here who were recruited by this office are being contacted by an agent of this office, [redacted] At that time [redacted] is introduced to the SBA and the latter is informed that [redacted] that the FBI is no longer affiliated with it.

Referral/Consult

After contact has been made with the SBA, a letter is directed to [redacted] with which is transmitted:

1. Copies of investigative reports, in that particular case file.
2. 5x8 index card, with photo attached, which has been compiled in this office.
3. Copy of [redacted] if it has been forwarded to this office.
4. Copies of available memoranda on training if the same has been received.
5. List of materials to be cached which has been received from that particular SBA.

Referral/Consult

Any other information which is necessary that [redacted] that particular SBA is forwarded to them in that letter. The Anchorage copy of this letter will be receipted by the Receiving Officer, thus acknowledging [redacted] received all items and information contained therein. As an example, there is transmitted herewith a copy of a letter dated 9/28/51 entitled, "LUTHER WILLIAM NOEY (HARE), STAY-BEHIND AGENT PROGRAM", to [redacted] transmitting the desired items and information.

Referral/Consult

After the letter [redacted] has been forwarded, a letter will be directed to the Bureau pointing out in detail the exact manner in which this was handled. An example of this is the letter dated 9/28/51 to the Bureau in the matter entitled, "LUTHER WILLIAM NOEY, STAGE - SBA PROGRAM".

This system will be followed until all persons considered in the SBA Program and all persons contacted by this office under the E & E Program have been completely handled.

SOVIET METHODS OF COUNTERINTELLIGENCE

I. PURPOSE AND SCOPE

- (1) to outline the history of Soviet Secret Police, the services performed by them and their methods of operation
- (2) to provide instruction as to conduct and precautions which should be taken to avoid contact with Soviet counterintelligence operatives

II. ORIGIN AND DEVELOPMENT OF SOVIET SECRET POLICE

- (1) OCHRANA - Secret Police of Czars
- (2) Cheka - OGPU - NKVD - MGB
- (3) Secret Police system was continued under Communist regime and intensified.

III. SERVICES OF SOVIET SECRET POLICE

- (1) in Russia
 - (a) to control and subjugate civilian population
 - (b) to suppress disloyalty and desertion in the military forces
 - (c) to detect espionage activity
- (2) abroad
 - (a) to control Soviet personnel in foreign countries
 - (b) to conduct espionage
- (3) in occupied areas
 - (a) to suppress disloyalty and desertion in military
 - (b) to control and subjugate civilian population
 - (c) to detect and suppress espionage, sabotage, guerrilla warfare and other efforts at organized resistance

IV. IMMEDIATE ACTION FOLLOWING INVASION AND OCCUPATION

- (1) Secret Police would likely arrive with occupational troops
 - (a) to control their military forces
 - (b) to establish control over civilians
- (2) immediate steps would likely include
 - (a) roundup of all civilians in occupied zones and environs
 - (b) roadblocks and sentries around occupied zones
 - (c) registration of civilians
 - (d) issuance of identity cards
 - (e) confiscation of all contraband articles - widespread searches
 - (f) organization of labor battalions

V. CONTROL OF CIVILIAN POPULATION

- (1) efforts through propaganda to confuse and mislead
- (2) elimination of "dangerous" elements
 - (a) "capitalists"
 - (b) community leaders - religious, governmental, civic, financial
- (3) informer system
 - (a) recruitment of civilians found sympathetic to Soviets
 - (b) recruits among favored persons - attempts to recruit members of "oppressed" groups
 - (c) informers prompted by fear, threats, intimidation, compromise
 - (d) phony defectors and deserters
 - (e) widespread coverage in all walks of life - religious, governmental, civic, labor battalions, prison camps
 - (f) vast informer network intended to cause distrust among civilians and to minimize efforts for organized resistance

- (4) arrests and interrogations
 - (a) a reign of terror through arrests and constant fear of arrest
 - (b) arrests with or without provocation
 - (c) Soviet mania for "confessions," real or otherwise
 - (1) who recruited you?
 - (2) whom did you recruit?
 - (d) surveillances and other means of ferreting out espionage networks
 - (e) Soviet methods of interrogation will result in "confessions" eventually

VI. PRECAUTIONS

- (1) agents must continually bear in mind the possibility that others, no matter how devoted they may be, may be arrested, may be compromised
- (2) Soviet methods stress the importance of maintaining at a bare minimum the number of persons who know of agent's activities
- (3) agents should not become involved in organized resistance groups because
 - (a) work of agent is more important
 - (b) chances for survival would be greatly lessened by participation
 - (c) participation might endanger complete intelligence network
- (4) agents should avoid positions of responsibility in "civilian defense" activities
 - (a) to avoid publicity which would naturally result in the community
 - (b) to be free to operate in event of emergency

Director, FBI (65-59264)

October 5, 1951

SAC, Anchorage

STAGE

Reurrad October 1, 1951 regarding the transfer of all Anchorage files on instant program to the Bureau and the removal of all references to this program from the indices and files of the Anchorage Office.

Referral/Consult

It is anticipated [redacted] additional recruits in both the SBA and the E & E phases of this program and will request this office to check the recruits' names through the files of the Anchorage Office and the Bureau.

Referral/Consult

It is suggested and recommended that this office could forward the requested name checks and background information to the Bureau by radiogram or letter and upon receipt of the Bureau's reply and after checking the indices of this office, could advise [redacted] the results of the checks and destroy the Anchorage and Bureau communications. This would eliminate the necessity for this office opening a new case on each recruit and after the completion of the name check forwarding the file to the Bureau. The Bureau files would reflect all the necessary information on the individual and the Anchorage files and indices would contain no reference to this program.

Bureau advice is requested in regard to such procedure.

Referral/Consult

The Bureau's advise is also requested in regard to the practice of this office conducting background investigations on individual recruits through the Bureau offices outside the Territory of Alaska. To date when recruits have been selected [redacted] for the E & E Program, upon whom [redacted] background investigations to be conducted outside the Territory of Alaska, this office has, by letter, been requesting the appropriate Bureau offices to conduct these investigations and submit reports.

Referral/Consult

No requests of this kind have been received since the Bureau's decision to withdraw from the Stage Program but such requests are anticipated in the future. This could be handled in one of the two following ways: (1) [redacted] or (2) the investigations could continue to be conducted as above and this office not accumulate a file on each person.

Re: Stay Behind Agent Program

Dear 

There are being forwarded herewith the following items for the possible use of your office in connection with the captioned program:

- 1. 2 copies of training outline entitled "Deception and Security".
- 2. 2 copies of training outline entitled "Selection and Training of Sub-agents and Informants".
- 3. 2 copies of training outline entitled "Defensive Tactics".
- 4. 2 photostatic copies of training memorandum on operation of 

- 5. 2 copies of training memorandum entitled "Secret Writing", includes both preparation and development of messages.
- 6. 2 photostatic copies of memorandum entitled "Security Factors for Radio Operation".
- 7. 2 copies of training outline "Soviet Methods of Counter-Intelligence".
- 8. 1 copy of memorandum showing possible call letters, radio procedures and frequency.
- 9. 1 copy of regulations for Novice Amateur Radio License, "Amendment 12 - 12 to Part 12 - Rules Governing Amateur Radio Service" issued by FCC. Also bulletin referred to as Jacket Sheet, #29313, issued by FCC Information Office dated December 1, 1948 and FCC Bulletin #62065 re Study questions for individuals seeking amateur novice class licenses are attached.

b7E

It should be noted that all of the material which is set out above and is enclosed herewith, with the exception of Item No. 9, is considered extremely confidential and should be afforded utmost security.

65-898317

It has been brought to the attention of this office that each Stay Behind Agent who receives reimbursement in connection with this program should be advised that such compensation is taxable under the Federal Income Tax Laws and should be reported as income by him. It is suggested that if an individual must file a federal return to report income from another regular source, income from this program could be shown under Schedule D of Page 2 of the return as income received from other sources "for personal services rendered" without specifically designating the source of this income. It appears probable that all Stay-behind Agents will fall in this category.

It is suggested that your office may desire to make further inquiry into the Income Tax Regulations and to take whatever steps may be necessary to insure that all Stay Behind Agents are advised of this fact and to insure full security for the program. To date all Stay Behind Agents who have returned from training and been reimbursed have been instructed in regard to the above.

It has also been brought to the attention of this office that beginning on August 21, 1951 and every Tuesday and Thursday thereafter the Anchorage Amateur Radio Club will sponsor a series of code practice sessions. The sessions will start at 9:00 p.m. and will last for one hour. The frequency used will be 3870 KCS and the call letters KL7AA or KL7BK will be used. These practice broadcasts can be received on any radio that tunes the short wave band. The hour broadcast will be divided into three sessions, the first 20 minutes of which will be 1 to 2 groups per minute, the second 20 minutes will be 5 to 10 words per minute and the final 20 minutes will be 15 to 16 words per minute.

It is suggested that Stay Behind Agents who have already received training could use these broadcasts as a source of practice to build up their proficiency in code.

Very truly yours,

RM:MR

SP12 BT8150
2/25/94
342251

An analysis of expenditures made in connection with the instant program reflects a total of \$9623.42 was disbursed through October 9, 1951.

On the basis used of "Date Paid" as regarding fiscal years, the total of \$9623.42 is made up of \$798.04 for the fiscal year of 1950, of which \$9.75 represents miscellaneous expenses, and \$8825.13 for the fiscal year of 1951, of which \$10.73 was for miscellaneous expenses.

The balance of the totals for both fiscal years represents moneys paid to the individuals.

In the schedules attached herewith, the miscellaneous disbursements are detailed as to whom payment was made, the date and amount of payment, together with an explanation for same. The schedules setting forth details of disbursements to the individuals reflect the name of the individual paid, his Bureau file number, date paid, period for which paid, together with a total amount of payment which is broken down into salary, per diem and miscellaneous. The miscellaneous items are mainly made up of hotel expenses.

In connection with the Bureau file number set forth, it is noted that after each individual was paid, a letter was directed to the Bureau furnishing the pertinent details of the calculation and payment.

It is specifically noted that all payments made, either to individuals or for miscellaneous expenditures, were made in cash. In this connection a check was, in each instance, drawn for the amount needed and was cashed by an agent of this office, after which payments were made in cash and receipts obtained for same. The original of the receipts for payments to the individuals have already been forwarded, together with the expense vouchers.

In connection with the Confidential Fund of this office, it is felt that it should be reduced to the amount of [redacted] which was the amount of that account before it was increased because of the instant program.

b7E

In this connection, it is noted that the balance of this account in this office on May 17, 1951 was [redacted] and from that date through September 23, 1951 deposits in the amount of \$14,443.76 were made, resulting in a total of \$14,843.76 to be accounted for. As noted above, total disbursements under the instant

b7E

65-294
cc: 65-124
SP:vf

326

AN 65-298

program through October 8, 1951 total \$9623.42 and in addition, there were other charges in this account through October 8, 1951 in the amount of \$637.20. total disbursements \$10,260.62, leaving a balance on hand of [redacted]

b7E

It is noted that an expense voucher was submitted by this office on October 1, 1951 in the amount of \$913.57, although an item in the amount of \$6.60 was returned to be reclaimed, leaving a balance due this office from that voucher in the amount of \$906.97.

In addition, there is being prepared an expense voucher in the amount of \$509.89 which, when submitted, will include all confidential items paid in connection with the instant program through October 8, 1951. When this office is reimbursed for these last two vouchers, the fund will then total [redacted] at which time \$5600.00 will be refunded to the Bureau, reducing the balance of the Confidential Fund to the original amount of [redacted]

Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC, Anchorage (65-298)

DATE: October 16, 1951

FROM : *JEF* Director, FBI

PERSONAL AND CONFIDENTIAL

SUBJECT: STAGE

Reurlet October 5, 1951, in which you made reference to Burad October 1, 1951, relating to forwarding Anchorage files to the Bureau and removal of all references to the program from your indices.

The question of handling investigation of leads in the continental United States with respect to future recruits is covered in Bulet dated October 5, 1951.

In the interest of uniformity and in order that your office may appropriately supervise investigations, you should open and maintain until closed, a separate file on each individual on whom investigation is necessary. Following completion of investigation and closing of your file, the file of your office should be sent to the Bureau for maintainence with other files you have forwarded and all reference to the investigation should be removed from your office as in other previously closed cases.

Referral/Consult

When a name check only, it will be satisfactory for you to include the necessary communications in the general Stage file in your office. The open section of the file should be maintained securely with top priority for destruction in the event of emergency. When a reasonable amount of correspondence has accumulated, or a reasonable time has elapsed, the section should be forwarded to the Bureau for maintainence with the other previously forwarded files. A new section can be opened in your office if and when the necessity arises.

With regard to the procedure of handling name checks, your indices should be checked first and the name check then requested of the Bureau, if required, rather than conversely as might be implied from the language in paragraph three of your letter.

SECRET - SIA OF PROGRAM

In addition to the above files, this office has remaining the administrative file on the SDA Program and the following individual files.

RMK:NCW

337

Anchorage File 66-353.
BuFile 62-93480.

b6
b7C

[redacted]
To date, efforts to locate [redacted] have met with negative results and on 11-7-51 it was determined that [redacted] was presently in the United States and would not return to Alaska for approximately two weeks.

Anchorage File 66-416.
BuFile 62-93525.

b6
b7C

[redacted] resides in an isolated area in Alaska which is inaccessible until the ice on the river is heavy enough to support an aircraft. All efforts to contact him to date have been negative.

Anchorage File 66-417.
BuFile 62-93994.

[redacted]
All efforts to date to locate [redacted] have met with negative results as [redacted] is a trapper living in a relatively inaccessible area requiring a charter flight to contact him and weather and ice conditions have prevented this contact to date.

b6
b7C

Anchorage File 66-419.
BuFile 62-93497.

b6
b7C
Referral/Consult

[redacted] previously advised this office that he was going to work at Naknek, Alaska. Inquiry at Naknek reflected that [redacted] was no longer there but was presently located at Yakutat, Alaska. This trip will require a period of two days and to date, [redacted] an Agent of this office.

Anchorage File 66-460.
BuFile 62-94204.

b6
b7C

Efforts to locate [redacted] Alaska, have met with negative results to date because of transportation difficulties and the fact that [redacted] was tentatively traveling.

Every effort is being made to contact the above five individuals, [redacted] and to advise them that the Bureau is no longer participating in the STAGE program.

Referral/Consult

As soon as these individuals are contacted, the individual files on these men and the main administrative file on the SEA Program in the Anchorage Office will be forwarded to the Bureau.

It should be noted that in accordance with Bureau instructions, the \$5,600 which was temporarily advanced to the Confidential Fund of this office for use in connection with the STAGE Program, has been returned to the Bureau by letter dated 11-13-51.

Re: J. Dominic Vernetti

Dear [REDACTED]

Concerning the captioned individual, you are advised that the records of the Bureau in Washington, D.C., together with those of this office, contain no identifiable derogatory information based on the information furnished, with the exception of the following:

Referral/Consult

[REDACTED]

It is also noted that the Daily News Miner, Fairbanks, Alaska, published September 6, 1944, carries an article regarding the arraignment of three men on charges of operating slot machines at Golena, which arraignment was set for September 14th before U. S. Commissioner MAX HORNBERG at Nulato, Alaska. Dominick Vernetti was listed as one of the defendants without being further identified.

Very truly yours,

Referral/Consult

Re Anchorage letter to Bureau dated November 16, 1951.

As of this date all individuals recruited by this office in connection with the instant program have been contacted, [redacted] and advised that the Bureau was no longer participating in the program, with the exception of the following:

AK File 66-353
ID 62-93460
On 12/11/51

To date all efforts to contact [redacted] have not with-
relative results. [redacted] is a pilot residing at
[redacted], Alaska. However, he is in almost constant
travel status and a number of trips to [redacted] to con-
tact him have been unsuccessful. A trip to [redacted]
requires two days' agent time with no assurance that
[redacted] will be there at the time agents arrive. A
letter has been directed to [redacted] requesting him
to contact this office on his next trip to Anchorage and
it is expected that this contact can be made by the
first of the year.

AK File 66-417
ID 62-93461

[redacted] is a trapper living in a relatively inaccessible
area requiring a charter flight to contact him and to
date either the landing or weather conditions have
prevented any contact with him. [redacted] on August 18
last advised that he would be in Anchorage on January
6, 1952 and it is anticipated that he will be contacted
[redacted] at this time.

The above two individuals have discussed with [redacted]

RE: [redacted]
cc 6-417
66-353

65-298-356

UNC: the above two cases will be handled as set out above and it is anticipated that they will be contacted and this program completed in the Anchorage Division by January 10, 1951. The balance of the files in this program will be forwarded to the Bureau at that time.

DATE: January 16, 1952

FROM : SA [REDACTED]

b6
b7CSUBJECT: ARTHUR FRISBEY
aka Frisbie
SBA PROGRAMALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 7/25/94 BY SP12 BTJ/KC

Re my memo January 14, 1952.

On January 15, 1952, the above-captioned individual appeared in the Anchorage Office and advised that he had just returned from Seattle where he had been having an operation on his hand. FRISBEY stated he had received a letter from this office about December 1950 requesting him to contact this office upon his return from Seattle. FRISBEY stated that the letter had merely stated that we desired to discuss a confidential matter with him and he had destroyed the letter immediately after receiving it.

The letter referred to by FRISBEY is probably the letter which we directed to him when we were considering recruiting him for the above program.

FRISBEY stated that he believed that we had wanted to talk to him about a guerilla program which PHIL HARDING and a number of people in the Seward area had been talking about organizing in the case of hostilities and he had gathered from his conversations with HARDING that the FBI was clearing people for this guerilla program. FRISBEY did not seem to be aware of the true nature of the program.

It should be noted that prior to the time HARDING was recruited into the Stage Program, he had been making plans to form a guerilla group on the Kenai Peninsula but had supposedly discontinued this when he was recruited into the Stage Program.

FRISBEY was advised that this office was not at the present time and never had been connected with the formation of any guerilla group in the event of hostilities in Alaska. He was advised that the letter which he had received in Seattle was probably in connection with another investigation being conducted by this office on which we had desired to contact him. FRISBEY was advised that this matter has since been cleared up and we no longer desired to talk to him in connection with this matter. It was explained to FRISBEY that our reason for wanting to contact him was probably in connection with someone he had formerly worked with or been acquainted with but there was no way at this time of telling what particular case was involved.

It appears from [REDACTED]

[REDACTED] arose out of his conversations with PHIL HARDING in connection

H

34225/
2/25/54 SP128TS150

360(F)

On the 16th day of April, A.D. 1912, an order in said cause was made an entry of which appears on the Journal of this court Volume 67, page 392, in the words and figures as follows, viz:

In the matter of the adoption of Lester Peter
Sorter by John C. Trakowski and Silvia S. Tra-
kowski.

Misc. No. 4705.

This day John C. Trakowski and Silvia S. Trakowski husband and wife, appeared in open court, and filed herein their petition for leave to adopt, and change the name of Lester Peter Sorter, child of Claud Sorter and Iva Sorter, with the answer and consent in writing of Claud Sorter and Iva Sorter, parents of said Lester Peter Sorter.

And the court being fully advised in the premises, finds that said petitioners are inhabitants of the state of Ohio, and residents of this county, and that said Lester Peter Sorter is of the age of one year on the twenty-first day of October, 1912; and that the said Silvia S. Trakowski, wife of the said John C. Trakowski, was examined separate and apart from her said husband, from which examination the court is satisfied that said wife, of her own free will and accord, desires such adoption; and the court being satisfied of the ability and fitness of the petitioners to bring up and educate such child properly, having reference to the degree and condition of the child's parents, and that said adoption is fit and proper;

It is therefore considered and ordered by the court; that from the date of this order the said Lester Peter Sorter be and is, to all legal intents and purposes, the child of said petitioners, John C. Trakowski and Silvia S. Trakowski, and that the name of said child be and is hereby changed from Lester Peter Sorter to Vern Dale Trakowski,
(signed). O'Brien O'Donnell, Probate Judge.

STATE OF OHIO, COUNTY OF LUCAS, SS:

I, Charles E. Chittenden, sole Judge and ex-officio Clerk of the Probate Court within and for the County of Lucas and State of Ohio, do hereby certify the foregoing to be a true and correct copy of the order of court made in the adoption of Lester Peter Sorter by John C. Trakowski and Silvia S. Trakowski, as the same appears on file and of record in this court, April 16, 1912; Journal 67, page 392.

Witness my hand and official seal at Toledo, Ohio, this 1st day of August, A.D. 1946.

Charles E. Chittenden,
Probate Judge.

Re: Vincent F. Peters
(Civilian)
Kodiak, Alaska
Your Ref: AMII-2 49

Referral/Consult

Dear [redacted]

With reference to your letter of February 12, 1952, the files of this office reflected no information identifiable with Peters.

Central files of the FBI, Washington, D.C., reflected Vincent F. Peters arrested September 7, 1940 on complaint filed by Forest Ranger [redacted] charging him with theft of government sleeping bag. He was arraigned in Justice Court, Conrad, Montana September 10, 1940. He pled not guilty and was released on \$300.00 bond. The county attorney stated he did not wish to prosecute Peters but would continue trial until such time as the Federal Government was in a position to prosecute. On February 23, 1941 the Assistant United States Attorney at Butte, Montana informed that no Federal prosecution would be had in connection with Peters. No disposition is reflected on this charge.

b6
b7C

[redacted] one
[redacted] and one [redacted]
entered pleas of guilty to charges of stealing four kapok sleeping bags, property of the U. S. Government and received suspended sentences.

b6
b7C

The files of the FBI reflect no identifiable subversive data on Peters.

Very truly yours,

JHW:MR

EMPLOYMENT

Aqua Systems, Incorporated
Former Los Angeles Office
701 East Third Street
Los Angeles, California

The current Los Angeles telephone directory, California State Directory of Licensed Contractors, and the Southwest Builder, contractors' publication, 1660 Beverly Boulevard, Los Angeles, all failed to reflect a current listing for Aqua Systems, Incorporated.

Mrs. PALMA SHAUB, Contract Department, United States Engineers Office, 751 South Figueroa Street, Los Angeles, advised that Aqua Systems, Incorporated maintained a Los Angeles Office at 701 East Third Street in 1943 and a New York Office of 385 Girard Avenue, New York City. She further advised that according to the records available to her the engineers office had awarded two contracts within the territory covered by the Los Angeles United States Engineers Office to the Aqua Systems, Incorporated. One contract dated January 2, 1943 and a second contract dated January 20, 1943 were for construction installations at Air Force bases, one at Las Vegas, Nevada, and the other at Dateland, near Yuma, Arizona. Mrs. SHAUB further advised that her records contain no additional information relative to Aqua Systems, Incorporated and did not contain the identification of the officers or employees of this company.

Mr. RAY H. VONDY, Official of the Neptune Meter Company, 701 East Third Street, Los Angeles, advised that the Neptune Meter Company had formerly owned stock in the Aqua Systems, Incorporated; that this latter organization was engaged in the installation of gas storage tanks for the United States Army and United States Navy at various Air Force bases throughout the United States. Mr. VONDY stated that the Aqua Systems Company had been out of business since 1946; that Mr. E. S. LANDIS, who had been superintendent and manager of the Los Angeles Office for Aqua Systems, was now deceased. Mr. RAY VONDY stated that he himself had been a construction superintendent for Aqua Systems in the South Pacific area during World War II and that he was not acquainted with JOHN MINOR ROOP but that the name of ROOP did sound familiar; however, he could furnish no information concerning ROOP. Mr. VONDY added that Aqua Systems, Incorporated had about forty jobs throughout the United States during World War II.

Mr. FRANK VONDY, Superintendent of the Neptune Meter Company, confirmed the information furnished by his brother, RAY H. VONDY, and added that he recalled Mr. ROOP by name and remembered meeting him on one occasion when ROOP came to the Los Angeles Office of the Aqua Systems Company about 1942 or 1943. Mr. VONDY said that he did not recall anything at all

LA 62-3851

concerning ROOP's personal life or background and had no knowledge of ROOP working in the Los Angeles area or on the Pacific coast; however, the Los Angeles Office of Aqua Systems Company covered a large area and FRANK VONDY added that he was under the impression that Mr. ROOP was working someplace in Texas. FRANK VONDY said that he himself had handled the construction work for Aqua Systems, Incorporated at Dateland, Arizona, and that Mr. ROOP was not on that job. Mr. FRANK VONDY further said that he had handled the construction superintendent's work for the various Pacific coast jobs contracted for by the Aqua Systems Company and he did not recall Mr. ROOP having worked on any of these particular construction projects.

Mr. FRANK VONDY said that ALBERT C. KATESTNER, a former Vice-President and General Manager of Aqua Systems, Incorporated, in New York City would have the master records of the Aqua Systems Company and could be contacted at 111 Broadway, New York City.

Mr. J. LEROY VEACH, operator of the Pump Register Exchange at 701 East Third Street, Los Angeles, advised that the Neptune Meter Company, the Aqua Systems, Incorporated, and the Pump Register Exchange correlated their activities during World War II and that the Pump Register Exchange furnished materials to Aqua Systems, Incorporated; that these materials were sent to the location of the various projects upon requisition of the various field superintendents.

Mr. VEACH stated that a few of the old records pertaining to the operations of the Los Angeles Office of Aqua Systems, Incorporated were in his possession; that he had obtained from these records the fact that one MINOR ROOP had requested material on field requisition forms indicating that ROOP was a construction superintendent for Aqua Systems for a project at the Army Air Force Advanced Flying Field, Post Office Box 796, Pampa, Texas, from January 26 through March of 1943. Mr. VEACH stated that check book stubs for Aqua Systems disclosed that payroll checks for company employees on the Pampa, Texas, project had been mailed to ROOP for distribution, further indicating that ROOP was in some sort of an administrative position on that project. Mr. VEACH further said that he found among these records a letter from ROOP to the Los Angeles Office of Aqua Systems, concerning certain materials, which was dated March 20, 1943 and had been received from Pampa, Texas.

Mr. VEACH stated he was not acquainted with Mr. ROOP personally and could furnish no information concerning ROOP's personal background; that he had no knowledge of Mr. ROOP working or residing in the Los Angeles area although ROOP may have been in the city on company business. VEACH added that everything recorded concerning Mr. ROOP was of a business nature and the latter's record was clear as far as records

LA 62-3851

available to Mr. VEACH were concerned. He further stated that he did not have any knowledge of Mr. ROOP working on the Las Vegas installation done by the Aqua Systems Company.

Mr. VEACH stated that Mr. WILLIAM C. BARTON had been a supervisor on the Las Vegas job for Aqua Systems but that he could not furnish any specific address on Mr. BARTON who had left the company several years ago other than the fact that Mr. BARTON was last known to have been with the Robert E. McKee Construction Company in Los Angeles.

Mr. VEACH stated that Mr. O. H. JOHNSON who had worked on certain Aqua Systems installations in Northern California no longer with the company and specific whereabouts not known to him; however, JOHNSON several years ago had been in the employ of the Ward Refrigeration Company in San Francisco.

Mr. VEACH also checked with Mr. GEORGE BECK, Sales Manager of the Neptune Meter Company, determining that Mr. BECK was not acquainted with Mr. ROOP and could furnish no information concerning the latter.

Mr. RAY VONDY, Mr. FRANK VONDY, and Mr. VEACH all advised that in view of the absence of records reflecting employment on the part of ROOP in the Los Angeles or Pacific Coast area by the Aqua Systems Company they doubted seriously if Mr. WILLIAM BARTON or Mr. O. H. JOHNSON would know ROOP.

Concerning Mr. WILLIAM C. BARTON, former construction supervisor at Aqua Systems, Incorporated, inquiry of Mr. DAN MORGAN, Assistant Auditor, Robert E. McKee Construction Company, 4700 San Fernando Road, Los Angeles, disclosed that Mr. BARTON was no longer with this company and his last known address was 721 Via de la Paz, Pacific Palisades, California, phone - Malibu 7354. Further, Mr. BARTON listed on employment questionnaire that his mother, KITTY BLACK BARTON, resided at Hatch, New Mexico.

The current Los Angeles telephone directory listed a WILLIAM C. BARTON at the above address furnished by Mr. MORGAN with the telephone number Exbrook 5-9765. It was determined that this phone had been disconnected.

The files of the Los Angeles Retail Merchants Credit Association reflected a report on WILLIAM C. BARTON dated August 13, 1947 listing the same address in Pacific Palisades mentioned above and listing occupation as head maintenance man at North American Aircraft Corporation, El Segundo, California; however, it was determined from Mr. BUCHANAN, Plant

LA 62-3851

Security Division of the North American Aircraft Corporation, that Mr. BARTON had terminated January 31, 1949; that the company records did not reflect a residence address other than that in Pacific Palisades.

Mrs. ELIZABETH CANARY, 725 Via de la Paz, advised that Mr. WILLIAM C. BARTON and his wife had moved suddenly about three weeks previous and mentioned that Mr. BARTON's mother had recently died and that they were going to Hatch, New Mexico, to settle the estate.

CREDIT AND CRIMINAL

The files of the Retail Merchants Credit Association of Los Angeles, the Los Angeles Police Department, and the Los Angeles County Sheriff's Office failed to reflect a record identifiable with JOHN MINOR ROOP.

MISCELLANEOUS

Referral/Consult

The files of T-1, T-2, and T-3, all Governmental agencies conducting security type investigations in the Los Angeles area, failed to reflect a record identifiable with JOHN MINOR ROOP or Aqua Systems, Incorporated with the exception of the files of T-1 which did reflect that

[REDACTED]
[REDACTED]
personnel of this company, however, was shown.

No

REFERRED UPON COMPLETION TO THE OFFICE OF ORIGIN

LA 62-3851

ADMINISTRATIVE PAGE

In view of the fact that Aqua Systems, Incorporated records in Los Angeles did not reflect that Mr. ROOP had been employed in the areas under the jurisdiction of Mr. WILLIAM C. BARTON and Mr. O. H. JOHNSON, superintendents of the Aqua Systems Company, no leads were set out for other offices to attempt to locate and interview BARTON and JOHNSON. The data relating to BARTON and JOHNSON is being set out, however, in case New York records of the Aqua Systems Company reflect information to the contrary.

Hope, Alaska
February 7, 1952.

Mr. John H. Williams,
Anchorage, Alaska.

Dear Mr. Williams:

Will you please furnish me with a statement or just the amount of wages paid me for July and August of last year to be used in making out my Income Tax Return.

I am not sure at this time whether certain traveling expense should be included in this Income Tax return. I should greatly appreciate this information.

Yours very truly,

Warren M. Nutter.

WARREN M. NUTTER

STAGE

(

This office is in receipt of a letter dated February 7, 1952 from Mr. WARREN M. NUTTER, Hope, Alaska, which reads as follows:

"Will you please furnish me with a statement or just the amount of wages paid me for July and August of last year to be used in making out my Income Tax Return.

"I am not sure at this time whether certain traveling expense should be included in this Income Tax return. I should greatly appreciate this information."

As the Bureau knows, Mr. NUTTER was recruited for training under the Stage Program and paid certain funds for the time spent in this endeavor. However, the file concerning him has been forwarded to the Bureau and all evidence of it destroyed in this office.

It is requested that the Bureau advise this office the amount of money paid to Mr. NUTTER which should be reflected in his income tax return in order that he can be so advised. When this information is received, unless advised to the contrary, he will be informed to show that such money was received by him from me for personal services.

Re: Pete Kesselring (civilian)
Seward, Alaska
SEA Program

Dear :

Reference is made to your letter of March 18, 1952 regarding the above captioned individual.

For your information, a search of the records in Washington, D. C., together with the records of this office based on the background information furnished, resulted in no record being located for Kesselring.

Very truly yours,

John H. Williams

Re: E & I Program

Dear [redacted]:

The records of this Bureau in Washington, D. C. and the records of this office contain no reference to the following listed individuals based on information furnished, with the noted exception:

Reference your letters of March 25, 1952:

Ronald W. Humphreys, Aniak, Alaska
Casimer Maudts, Ophir, Alaska
Andrea Isabel Awe, Aniak, Alaska
Douglas C. Schattschneider, Bethel, Alaska
Howard S. Ross, McDougall, Alaska
Byron G. Reed, Ophir, Alaska

Reference your letters of March 24, 1952:

Lloyd W. Peterson, Kotzebue, Alaska
Oscar Alf Nelson, Kodiak, Alaska

Re Nelson. Information previously available this office was furnished you that he is an old time guide and trapper at Kodiak with an excellent reputation and loyal and reliable.

Very truly yours,

John R. Williams
Special Agent in Charge

Re: Al Lorentz
Fortuna Ledge, Alaska
M & T Program

Dear 

Referral/Consult

Reference is made to your letter of March 25, 1952.

The records of the Bureau contain no derogatory information based on available information submitted.

The records of this office reflect that a report of the CIC Agent with the Coyahuk-Yukon Patrol in 1951 contains a reference to Al Lorentz, approximately 67 years old, and a notation that he lived in Marshall since 1917 and operates a General Store and Trading Post.

Very truly yours,
John H. Williams
Special Agent in Charge

Re: Noel G. Ross
Egaver, Alaska
E & E Program

Dear [REDACTED]:

Referral/Consult

Reference your letter March 24, 1952.

The Bureau has advised that a loyalty check form submitted by the Department of Interior on Noel G. Ross was negative in the Bureau files.

Also for your information the files of this office indicate that Ross is a frequent letter writer and he furnished the information that in the 1930's he was a newspaper man in Fairbanks. It is understood that he is considered somewhat of a crank in the Fairbanks area.

Very truly yours,

John H. Williams
Special Agent in Charge

Re: David Carlisle Carlson
Dillingham, Alaska
Game Warden

Dear 

Reference your letter March 24, 1952.

Bureau records contain no derogatory information concerning Carlson other than that which was reflected in this office.

The records of this office reflect that one David E. Carlson, Dillingham, Alaska, was convicted for game violation, namely, cutting open beaver houses in 1938, and was sentenced to serve 30 days in jail as well as being fined \$200.00. Immediately upon the expiration of his sentence he was appointed federal jail guard at Dillingham, Alaska. Beaver and Wildlife Agent G. M. Carson advised that he had heard that Carlson was prone to "advise" those under arrest for game law violations and that he is decidedly unsympathetic with law enforcement.

Very truly yours,

John E. Williams
Special Agent in Charge

Re: John Thomas Emel
Alakanuk, Alaska
E L L Program

Dear :

Reference your letter of March 24, 1952.

Bureau files contain no derogatory information identifiable with the captioned individual based on the information furnished.

For your information, records of this office reflect information was received in 1941 concerning a John Emel, Jr. and a John Emel, Jr., alias Jack Emel, and a Russell Emel. This information indicated that Emel, Jr. operated a packing plant at Valdez having moved in about 1936 to Seattle. It was stated he was born in Germany and possibly the other Emels were also and that all of them spoke German fluently. The informant stated that the previous summer Jack and Russell Emel had appeared at St. Michael, Alaska where he had observed them in a small motor boat. The story at the time was that they had come all the way down the river from well within the Yukon Territory and they stated their purpose in coming to St. Michael was to operate a trading post. Informant advised they never obtained any supplies, but spent their time making mysterious trips in and out of a boat to St. Michael and he also heard they owned and operated a two-way radio.

Informant further stated that Russell is a cousin of John Emel, Jr. and that Russell was formerly a freight clerk for the Alaska Steamship Company.

SSP:MR
65-298-409

65-298-409(a)

At that time the informant described John Emel, Jr. as 29 years of age, 5' 7" tall, 150 pounds, with brown hair. He described Russell Emel as 26 years of age, 6' tall, 180 pounds, with dark hair.

Very truly yours,

John H. Williams

65-298-409(cc)

one of which will be furnished [redacted] and two copies should of course be designated for the Bureau.

The Seattle Office should note that the records of this office reflect information was received in 1941 concerning a JOHN EMEL, SR., and a JOHN EMEL, JR., alias JACK EMEL, and a RUSSELL EMEL. This information indicated that EMEL, SR. operated a packing plant at Valdez, having moved in about 1936 to Seattle. It was stated he was born in Germany and possibly the other EMELS were also, and that all of them spoke German fluently. The informant stated that the previous summer JACK and RUSSELL EMEL had appeared at St. Michael, Alaska where he had observed them in a small motor boat. The story at the time was that they had come all the way down the river from well within the Yukon Territory and they stated their purpose in coming to St. Michael was to operate a trading post. Informant advised they never obtained any supplies, but spent their time making mysterious trips in and out of a boat to St. Michael and he also heard they owned and operated a two-way radio.

Informant further stated that RUSSELL is a cousin of JOHN EMEL, JR. and that RUSSELL was formerly a freight clerk for the Alaska Steamship Company.

At that time the informant described JOHN EMEL, JR. as 27 years of age, 5'7" tall, 150 pounds, with brown hair. He described RUSSELL EMEL as 26 years of age, 6' tall, 180 pounds, with dark hair.

The Seattle Office should also note that in my letter dated April 25, 1952 to the Bureau regarding GEORGE THOMAS BUTLER (civilian), Hamilton, Alaska, E & E Program, is set forth a similar lead for VOLNEY RICHMOND, Vice-President, Northern Commercial Company, Seattle, to be interviewed.

FEDERAL BUREAU OF INVESTIGATION

Form No. 1

THIS CASE ORIGINATED AT

ANCHORAGE

SECURITY INFORMATION ~~SECRET~~

REPORT MADE AT SEATTLE, WASHINGTON	DATE WHEN MADE JUN - 3 1952	PERIOD FOR WHICH MADE 5/20,21,26/52	REPORT MADE BY [REDACTED]	b6 b7C
TITLE JOHN THOMAS EMEL, aka Jack Alakanuk, Alaska			CHARACTER OF CASE E & E PROGRAM	

SYNOPSIS OF FACTS:

Acquaintances of JOHN THOMAS EMEL at Seattle advise his parents operated salmon cannery in Alaska from approximately 1915 to 1930, but in recent years have resided in Seattle. JOHN THOMAS EMEL has operated the Bering Trading Company, Alakanuk, Alaska, since approximately 1940. Prior to that time, he and brother attended school in Seattle, Washington, where he received a B.A. degree in Economics, 12/13/39, at University of Washington. University record reflects he was born May 7, 1915, at Valdez, Alaska. Acquaintances and business associates of JOHN THOMAS EMEL and his family recommend all of them as to character, reputation and loyalty.

- RUC -

SP12 BTSLSC
7/25/94 342251

DETAILS:

AT SEATTLE, WASHINGTON

Mr. PAUL KITTO, Vice-President, Pacific National Bank, 900 Second Avenue, Seattle, and residing at 9415 Hilltop Road, Bellevue, Washington, related that he has known JOHN EMEL, SR., and his wife, MAHY, since 1928; and that he has known the sons, JOHN THOMAS EMEL and BILL EMEL, for approximately the past 20 years.

Mr. KITTO stated the senior JOHN EMEL operated a salmon cannery near Valdez, Alaska, from approximately 1915 to 1930, when he sold out and purchased the major portion of stock in the Spring Apartment Hotel, Seattle. JOHN EMEL, SR., and his wife have resided in this hotel and at a summer home near Bremerton, Washington, since approximately 1930, and have sent the two sons to school in Seattle, Washington.

2 - Anchorage (65-298-409), (1 [REDACTED] REGISTERED		
2 - Seattle (66-2292) 1 copy [REDACTED]		

PROPERTY OF FBI—THIS CONFIDENTIAL REPORT AND ITS CONTENTS ARE LOANED TO YOUR AGENCY AND ARE NOT TO BE DISTRIBUTED OUTSIDE OF AGENCY TO WHICH LOANED.

Mr. KITTO advised he has had many business dealings with both JOHN THOMAS EMEL and his father, and he would recommend the whole family as to character, reputation and loyalty. Mr. KITTO advised that JOHN THOMAS EMEL is also known as "JACK".

Mr. DON J. CAWLEY, Special Sales Representative and former District Manager of the American Can Company, Seattle, Washington, related he has known JOHN THOMAS EMEL and his family well for the past 30 years, and would recommend all of them highly as being loyal and patriotic American citizens. He stated they are of excellent character and associate with persons of high type. He stated he would recommend EMEL for any position of trust and confidence.

Mr. VOLNEY RICHMOND, JR., Vice-President, Northern Commercial Company, Room 419, Colman Building, Seattle, related that he has known the senior JOHN EMEL since 1935 when they were negotiating to operate a fish cannery together, which plans did not materialize. The Northern Commercial Company has operated a cannery near Alakanuk, Alaska, for the past several years, during which time RICHMOND has had numerous contacts with JOHN THOMAS EMEL who also operates his own cannery at Alakanuk. RICHMOND related that in the conduct of the fishing business it is necessary for both canneries to notify the other when they have reached the limit of the salmon catch. This is done through two-way radio on the fishing boat. He stated he has always found EMEL to be a man of high integrity in his business dealings, and would recommend him and his family as to character, reputation and loyalty.

Mr. ARTHUR SIMON, attorney, Room 1010, 1411 Pike Building, Seattle, related that he has known the parents of JOHN THOMAS EMEL for over 30 years; has been the family attorney and has had many business dealings with the senior EMEL when the latter operated the Emel Packing Company in Alaska. Although he has not been closely acquainted with the sons, JOHN and BILL, he has been favorably impressed that they are both entirely loyal to the United States. He stated that the entire family enjoys an excellent reputation and he believes them to be above average in character.

Mr. SIMON related that JOHN THOMAS EMEL married an Eskimo and they have four or five children. EMEL has resided at Alakanuk, Alaska, since approximately 1940, and reportedly has done excellent work in looking after the interests of the natives who are employed by him.

The records of the Registrar's Office, University of Washington, reflect the following information. JOHN THOMAS EMEL attended this University from October 2, 1933, periodically until December 13, 1939, when he received a B.A. degree in Economics. The record reflects he was born May 7, 1915,

~~133032 - NOTAMPROTAL YTIHUC32~~

SE 66-2292

at Valdez, Alaska, and that he previously had attended the Lakeside School (a private institution) in Seattle prior to 1933. His address in 1933 was listed as 3302 Shore Drive, Seattle. His parents were listed as JOHN M. EMEL; born Ada, Minnesota; occupation - retired; Mother MARY THECRA EMEL; born Wichita, Kansas.

The records also disclose that WILLIAM MAJOR EMEL, aka Bill, (brother) also attended Lakeside School, Seattle, and was born June 15, 1923, at Seattle. He claimed 3 years service in the United States Navy during the past war, and has been employed in various employments in Seattle. These records reflect that WILLIAM EMEL did not attend the University, the above information being noted on his application in 1946.

Re: Lyman Herbert Madden
Nome, Alaska
F & E Program

Dear [REDACTED]

Reference your letter April 3, 1952.

The records of the Bureau in Washington contain no information concerning captioned individual other than that which was reflected in the files of this office.

For your information, Major Charles D. Jones, Nome, Alaska furnished information to this office recently that Lyman Madden, an employee of the Marks Air Force Base, had been reported to him as a person of questionable loyalty. At the same time Charles Jones indicated that he had known Madden for a number of years as a hard working individual with holdings in the Kougarak area and that he did not personally believe Madden to be disloyal, but was merely passing on the information.

Major Jones was subsequently interviewed at which time he could not recall the source of his information concerning Madden and again explained that he believed Madden to be a loyal American.

Very truly yours,

Re: Morris Bennett Young;
Nome, Alaska
E & E Program

Dear [redacted]

Reference is made to your letter of April 7, 1952.

For your information the records of the Bureau in Washington contain no identifiable pertinent information regarding the above named individual. However, the files of this office contain the following information:

The Postal Censor, Seattle, Washington, advised of a letter dated July 24, 1942 from Mr. and Mrs. H. E. Howell, Sitka, Alaska to Mrs. Mike Hendricks, Route #3, Box 290, Olympia, Washington, wherein the Howells were quoted as stating:

"Hurrah for the FBI. It's about time they were investigating those Chehalis Silver Shirts. I think they should oust that SOB IS Y) SOB & that SOB SOB kid out of Alaska too. They should put them in the Army on KP duty. Instead of in defense areas up here. If they'd turn loose the criminals out of the pens - they'd be safer in defense plant than those SilverShirts & Communists. Magdeline wrote too yesterday and told what Smelly said about 'Maneke'.

"Examiner's Note: The proper name 'Maneke' is partially illegible."

It is noted that the above gives no location in Alaska for Morris Young and it is not known if he is identical with the subject of your inquiry.

Very truly yours,

John H. Williams
Special Agent in Charge
